

You have **more**
internet options
than you thought

 **NextLevel
Connections**

Residential and business locations that are unserved or underserved (access to actual speeds less than 25Mbps download and 3Mbps upload) can apply for expanded broadband coverage through the Indiana Connectivity Program.

Visit the Internet Connectivity Website to apply: <https://www.in.gov/ocra/broadband/icp/>

Indiana allocated \$350 million to be invested into increasing connectivity in Indiana. This appropriation, to be managed by the Office of Community and Rural Affairs, will begin to expand access to reliable, high-speed broadband service through grants, line extensions and subsidies.
