

Hendricks Regional Health Orthopedic Center of Excellence

The Hendricks Regional Health (Hendricks) Orthopedic Center of Excellence is the premier destination in Indiana for comprehensive orthopedic and spine care. Our Center of Excellence provides non-trauma surgical services to our partners' employees.

Employees receive exceptional, personalized care, rooted in Hendricks' values and unique culture — all with little or no out-of-pocket costs and a seamless experience. Plus, when employees travel to Hendricks for their procedure, a one-night hotel stay may be provided and arranged by our Concierge when determined necessary by their surgeon.

We hope to become your partner of choice in supporting the overall health and satisfaction of your employees.

We deliver care
in a comprehensive and integrated fashion.

Our model is unique because it provides consistency with both the navigator element as well as the physician caring for the patient. We may use telemedicine and other approaches to ensure seamless care after the procedure/when patient returns home.

What is the Hendricks Regional Health Orthopedic Center of Excellence?

The Center is an orthopedic and spine surgery program that brings high-quality, award-winning care together with nationally recognized patient experience.

What steps do I need to take to start the surgery process?

Step 1: See a healthcare provider to have your joint or muscle pain evaluated. This can be through your primary care office or your employer Wellness Clinic. You may also contact Hendricks Regional Health for an appointment with a sports medicine physician at (317) 718-4263 at our Avon, Brownsburg or Danville locations.

Step 2: If your provider recommends you for surgery, you will call the scheduling line at (317) 386-5630 and give your name, date of birth, employer name and other clinical information to schedule a virtual or in-person visit with a Hendricks Regional Health orthopedics provider.

Will I have to visit Hendricks Regional Health before the surgery, or can this be done virtually?

Some patients may have the option to be seen virtually for their pre-surgical appointment. This depends on the type of surgery needed and the patient's medical history.

If I have already received testing from another health system or another provider, will you need to redo all the lab, imaging services and evaluations?

If you've had medical tests or evaluations to assist in determining a diagnosis recent enough, and we can get your records, you may not have to be re-tested or re-evaluated. If we don't have enough information, we may request follow up testing and evaluations as necessary to determine if surgery is your best option.

How much will the surgery cost me?

The surgery itself has no out-of-pocket cost (the most expensive part), but check with your employer for details. You may incur charges for pre-surgical evaluation and post-operative therapy. Costs may be partially offset by shared savings ranging from \$500 to \$1,500 which you will receive from your employer after the surgery.

How do I get the shared savings check?

If you have surgery at the Hendricks Regional Health Orthopedic Center of Excellence, your employer will issue you a shared savings check ranging from \$500 to \$1,500 after surgery.

If I live far away, will I have to come back for physical therapy at Hendricks Regional Health?

No, we have a statewide network of physical therapy partners that are happy to care for you close to your home. Physical therapy services will apply toward your existing health plan coverage. However, you may have one therapy session at Hendricks Regional Health the day after your procedure.

If I live far away, will hotel accommodations be included?

A one-night hotel stay may be provided and arranged by our Concierge when determined necessary by your surgeon.
