

## **PORTER TRUST LABCORP LOCATION OPTIONS**

**Don't forget! LabCorp is also an available option if you're unable to schedule a lab draw at one of our Porter Trust Health Clinics.**

**\*PLEASE NOTE\* A signed lab order from a Proactive MD provider is required to ensure proper results and billing processing. Labs ordered through LabCorp by a PMD provider will stay within the guidelines of the lab formulary Porter Trust has set in place. We strongly encourage making an appointment with LabCorp, as appointments have priority over walk-ins.**
